

Distance Education and Its Obstacles: Addressing the 'Inaccessibility' Conundrum in Mathematics and Other Disciplines is a collection of research papers that explore the challenges and opportunities of distance education. The book is edited by Kajal De, a professor of mathematics at Netaji Subhas Open University. The book is divided into two parts: the first part focuses on mathematics and the second part focuses on other disciplines. The book is a valuable resource for researchers, educators, and students interested in distance education.
